RE: Certificates of Disposal-Capacitors
Chase Interiors Site, Falconer, NY

Dear Mr. Graham:

The enclosed Certificate of Destruction/Recycle is for the capacitor bank shipped from the Chase Interiors Site in Falconer, NY on manifest NYB5471442, (Manifest document number 00003) on May 10, 1994. The bank contained three capacitors. The metal fractions were processed by resource recovery, ie. smelted, and the contaminated portions were incinerated. Note that Transtec Environmental is also listed as the generator as they were the transporter and their generic approval was used for shipping the waste.

Should you have any questions, I can be reached at 315-455-0180 or numeric pager 609-738-9022.

Sincerely,

Michael T. Schubert
